## EFFORTLESS EFFICIENCY

Extremely easy-to-use, HANDY is a real extension of the operator: it increases the working capacity and reduces the effort.

Equipped with traction, it is easy to move even when fully loaded. Compact and manoeuvrable, it is perfect for working in cramped or small spaces, both indoors and outdoors: thanks to the **metal frame** MP-HT is able to absorb the stress caused by rough areas, maintaining its efficiency over time.

**METAL FRAME**

**FOR TIGHT SPACES**

**WASTE IN BAG**

# HANDY MAX 73

**HIGHT POSITIONED FILTER WITH CYCLONIC CHAMBER**  
The filter, easily accessible, is positioned above the cyclonic chamber: it remains far from dust and humidity increasing its duration and efficiency.

**EASY TO USE**  
Intuitive controls: with just a few easy simple movements, all functions are activated.

**WASTE IN BAG**  
The collection system in disposable bags, easily replaceable, greatly simplifies the emptying of the machine and protects the operator from contact with dust.

**ON-BOARD CHARGER**  
The battery charger installed on the machine connects directly to an electrical outlet with a standard power cable.

**EASY TO REMOVE HOPPER**  
It allows to quickly control the central broom.

**EASY MAINTENANCE**  
Easy access to all the main components. easy to manage even for non-specialized operators. Changing filters, brushes or batteries will not be a problem.

**ANTI-SHOCK BRUSHES**  
The brushes are mounted on elastic supports and retract on contact with an obstacle even near walls and shelves.

**ADJUSTABLE BRUSH PRESSURE**  
It allows to adjust the pressure even for delicate surfaces such as fitted carpet and ground cover for greenhouse.

**TYPES OF FILTERS**  
Three types of filters are available:  
• paper panel standard  
• panel polyester for wet powders  
• bag filters for the toughest jobs.

**EASY TO TRANSPORT**  
Small and light, it can easily be transported in a van.

**POWERFUL SUCTION SYSTEM**  
It efficiently aspirates small and medium-sized fine powders and dirt.

**WHEEL DRIVE**  
Equipped with traction, it does not require any pushing effort by the operator.
